*We would like to take a moment to welcome you as a new patient of Vital Well-Being Center, Inc. Thank you for choosing us. We look forward to partnering with you to address your health concerns, and will do all we can to ensure that you achieve the most successful results possible for you. It is our goal and the commitment of our professional team to provide health care that reflects the personal attention, caring, respect, mutual trust and integrity that we would want for ourselves and members of our own family.*

*The trust and confidence you have placed in our facility is most appreciated. Our mission is to help you achieve your treatment goals, and to help and maintain optimal health over the long-term using safe, natural and holistic approach with nutritional guidance and support.*

*The precious gift of health is an investment that takes both time and money. In order to help you to get the most out of this worthwhile investment, we would like to share a few suggestions:*

- ***Be on time and keep your appointments.*** Each treatment builds upon previous ones. It is important to follow through with your future care plan in order to receive maximum benefit.
- ***Do your homework.*** In many ways what you do at home, at work and at play affects your progress. We offer suggestions and self-care techniques to support you on the road to your treatment goals and towards a life of increased wellness and vitality.
- ***Give it time.*** As with any medical treatment, healing is a process, not a magic pill. It takes time and is influenced by many factors. Over time, things should improve and when necessary, we will adjust your treatment plan as we proceed. Changes to your condition can happen faster than anticipated, so enjoy them!
- ***Keep a positive attitude and EXPECT positive results.*** As we follow through on your treatment plan, look for signs of improvement and take encouragement from them. Build an attitude that expects positive results and knows that profound healing is possible. Your belief and expectation has an incredibly strong influence on your body, and is a key factor in healing.

*It is a great pleasure to welcome you to our clinic, and we look forward to a strong "partnership" between you and our health care team.*

*Yours in Health and Wellness,*

*The Vital Well-Being Center Team*
